Experience

Quely (Formerly Rally) | Lead Designer

April 2023 — Present

- Reduced internal design review meeting time by 35% by shifting feedback and approvals into structured async workflows.
- Improved visibility and traceability of product decisions across design, product, and engineering teams.

Rally | UX Designer

April 2023 - Pivot (Quely)

- Spearheaded user-centered pivot strategy by uncovering unmet needs and validating new concepts, boosting product adoption and engagement with growth focused designs.

AfriSplash | Founding Designer - OPEN SOURCE

Jan 2023 — April 2023

Tech stack: Figma, FigJam, Google Meet, Notion

- Collaborated with the design team to build a scalable design system used across squads of 20+ designers, improving design consistency and delivery speed.
- Identified key use cases for the AfriSplash forum ecosystem, designing wireframes and interaction flows that supported community engagement and discussion.

Elverr | Founding Designer

Aug 2021 - Dec 2022

- Designed the platform from concept to MVP including product flows and the design system.
- Worked closely with stakeholders to validate ideas and translate user research into product solutions.
